What Is a Diamond?

Ages: 8 & Up

Time: 30–45 minutes (presentation and activity)

Use the presenter notes while going through the presentation for ease of demonstration.

Be sure to download and review all materials prior to conducting the session, including:

1. Presentation
2. Presenter Notes
3. Workbook
4. Printable octahedron shape and optional dodecahedron shape

*Microsoft PowerPoint is required to view the presentation. Review the presentation in advance of the meeting. Ensure that all slides appear correct, and that all animations display. *See Presenter Notes for slides containing animations. If your computer does not have Microsoft PowerPoint installed, you can download a free trial [here](#).

When printing workbook (optional), be sure to follow the recommended printing settings:

- Set orientation to “landscape”
- Set to “print on both sides of paper” or “two-sided”
- Set to “flip on short edge”

If you wish to provide “small gifts” for participants—here are some suggestions:

- [Faux gems](#)
- [Toy loupe](#)
- [All-weather notebook](#)

*These are only suggestions. There is no requirement to provide gifts, nor will there be any reimbursement for any items provided by presenter.
